STATISTICS
FIFTY YEARS

Fifty (50) years ago this month, the first edition of Statistics was published. As the agency and its programs have changed through time, so has the compilation and publication of its statistical data.

One program area, Aid to Families With Dependent Children (AFDC), is the only assistance payment program that has spanned the past 50 years in much its current form. Presented on pages i and ii are a historical depiction in graphic form of this program beginning in January 1938 to the present. Page iii is a copy of AFDC cases, recipients and payments, by county, that appeared in the January 1938 Statistics publication.
